

East Petersburg Borough Community Park Upgrade Renovations Project

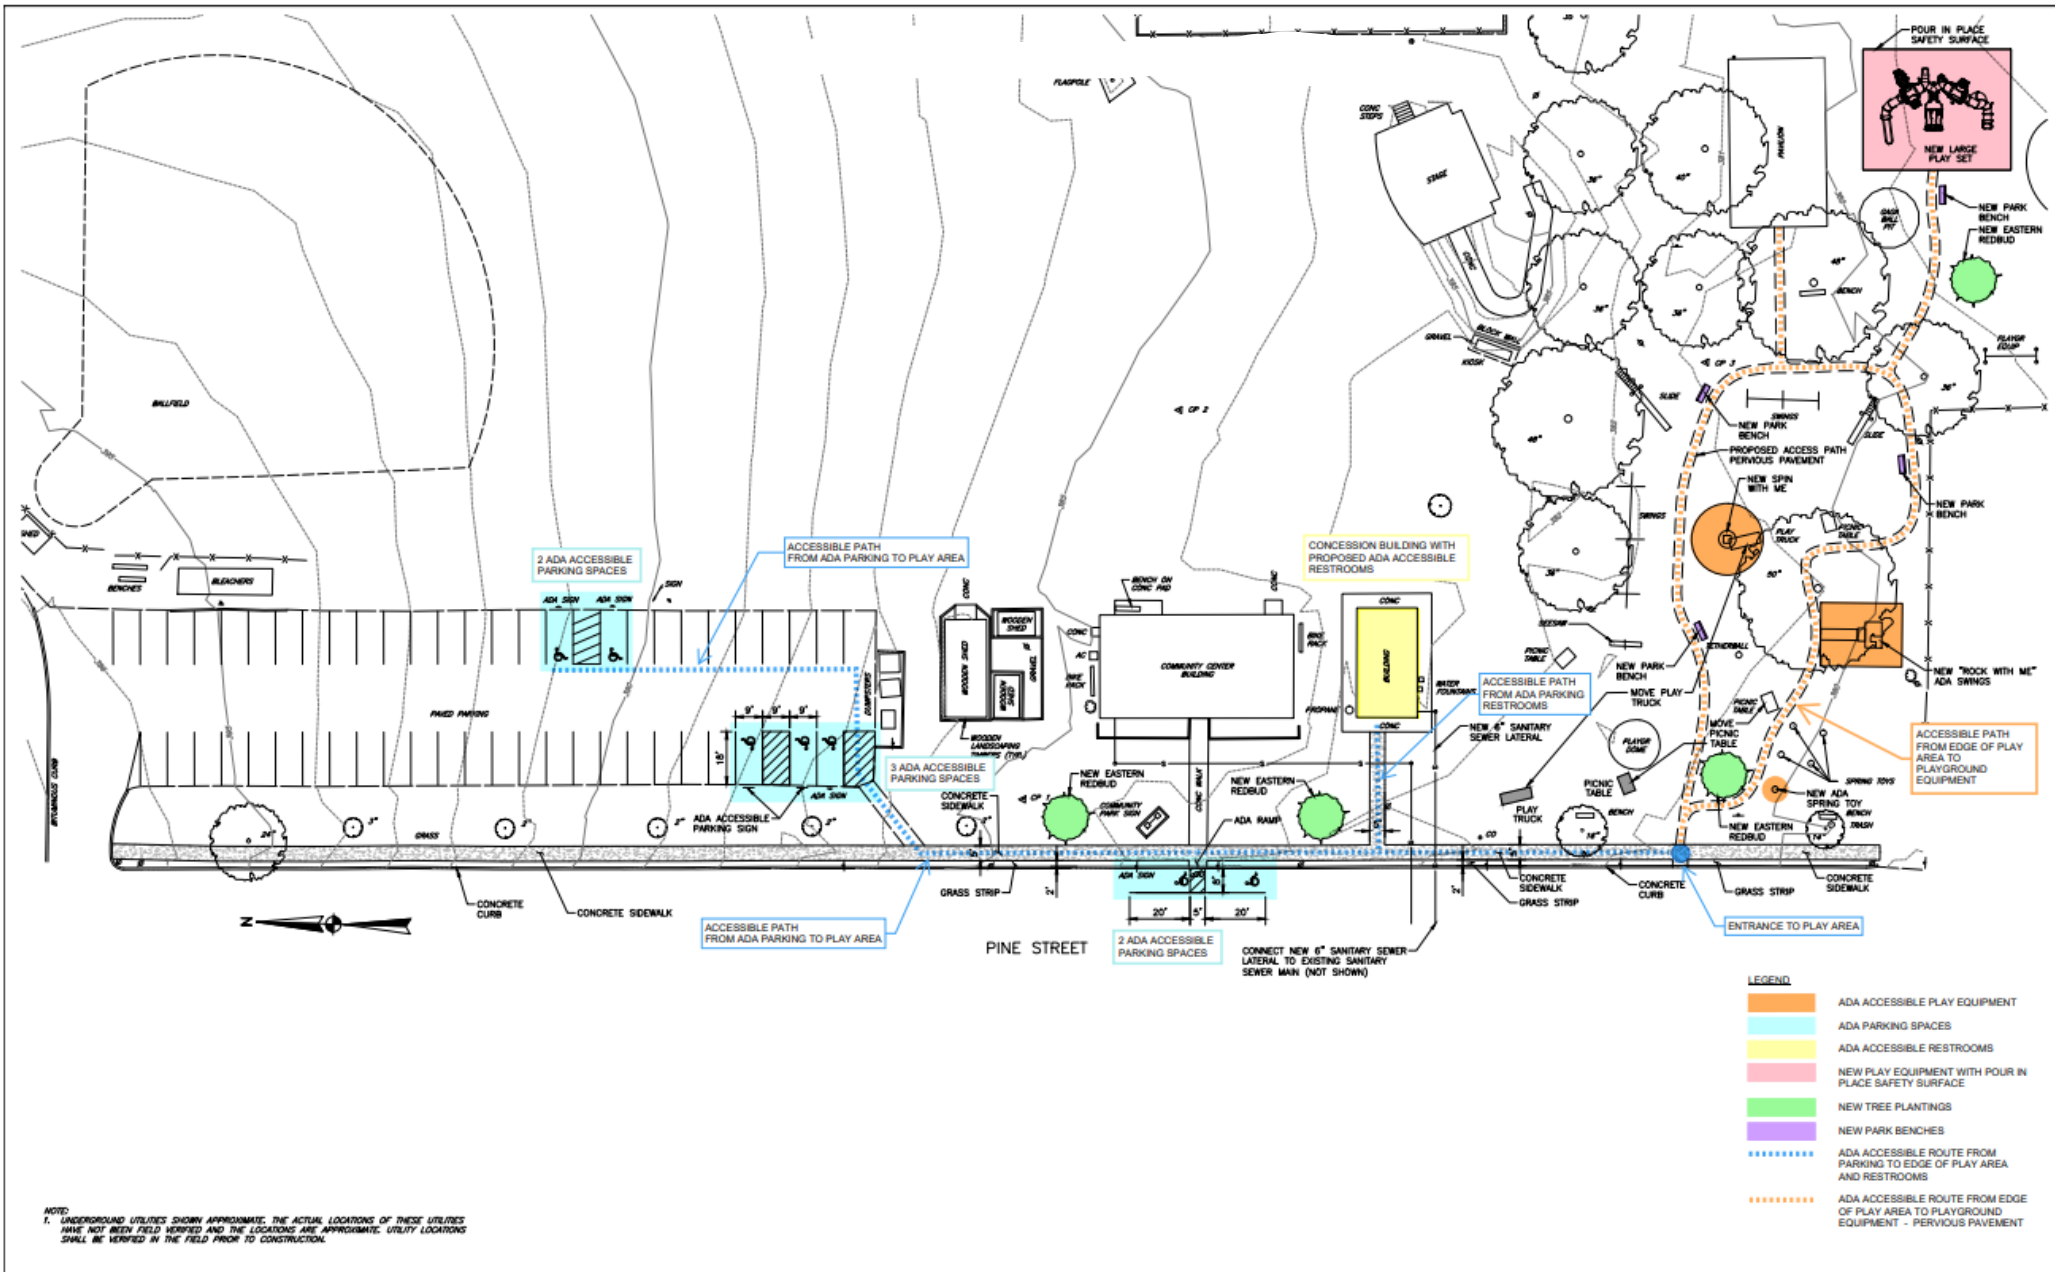

East Petersburg Borough is in the process of submitting a DCNR Playground and Recreation grant application for the renovation of our Community Park at 6051 Pine Street. The project will rehabilitate the park playground equipment, restrooms, and construct an ADA-compliant pathway that interconnects the recreation area.

The Community Park currently has out-of-date, unsafe wooden playground equipment that will be replaced with ADA-compliant equipment. The project will upgrade the playground equipment and establish an inclusive pathway throughout the park. In addition, to make the recreation area and restrooms accessible, the Borough will be replacing the current aging sidewalks connecting the trailway to the parking lot. The proposed plan also includes expanding the bathroom facilities, to construct a new ADA-restroom facility that is accessible for all park goers to use.

The Community Park Grant Project we are applying for is through the DCNR, C2P2 Playground and Recreation Development Grant.

Submission deadline is April 5, 2023. Borough Residents are encouraged to provide comments and we invite your ideas. Plan details are available at the Borough Office and at the monthly Council and Committee Meetings.
